

# Selection Methods and Additionally Required Document for the 2021 Fall Selected Candidate Entrance Examination (held on 18 November, 2020) of the Division in Environmental Materials Science

## Applicants to Master's Course

### I. Selection method

All applicants are required to take on-line oral examination (7 min presentation and 8 min discussion) based on the submitted self-recommendation document.

※Contact expected supervisor in advance.

※For the Application Form 2, the example is shown in the page 3 of this document.

### II. Required Documents for All Divisions (must arrive no later than **October 23**)

- Required Documents for All Divisions**, which are written in the pages 3-4 of the Guidelines for Applicants Master's Course.

### III. Required Documents for Division of Environmental Materials Science (must arrive no later than **October 23**)

- Self-recommendation document:** In the self-recommendation document (A4 size, approximately 600 words, may be word processed), an overview of research undertaken to date (or background) and reason for application must be included. If the research is before undertaking, background, plan, and/or prospected results may be summarized instead of the overview of research undertaken. In case of no graduation research required at the college, applicants may write on a research topic they wish to undertake in this graduate school.
- A Letter of Recommendation:** A letter of recommendation from the department head or course supervisor (or equivalent person) of the most recently attended school if the applicant has graduated. (The letter should include information on the applicant's general academic knowledge of English and chemistry. No fixed format, approximately one A4-sheet in length.)
- TOEFL, TOEIC or IELTS Score Sheets (only for those who can submit):** For only this Entrance Examination, tests conducted 2 years before the Examination date are also accepted. For only this Entrance Examination, TOEFL-iBT Special Home Edition, TOEFL-ITP, TOEIC SW, TOEIC IP are also accepted. TOEIC BRIDGE and TOEIC Speaking are not accepted. Regarding the submission of the score sheets, refer to "How to Submit" on page 6 of Guidelines for Applicants. However, note that the score sheets of the tests conducted 2 years before the Examination date might not be reissued. In that case, submit the original score sheets that you have.

### IV. Additionally Required Document

- **Presentation file for on-line oral examination** [PowerPoint or PDF file] (must arrive no later than **November 11**): All applicants should send a presentation document as a PowerPoint or PDF file by November 11 via e-mail to the Division Office in Environmental Materials Science.

## V. Method for the Entrance Examination

### 1. Oral examination

The oral examination will involve Presentation and Q&A based on the submitted self-recommendation document: 7 Minutes for the presentation, 8 Minutes for Q&A.

In the oral examination, applicants will be also evaluated fundamental knowledge and motivation.

#### About “On-line oral examination”

- Applicants should prepare a personal computer or tablet, equipped with microphone, speaker and web-camera to connect the on-line meeting system, Zoom.
- Applicants should prepare the environment to transmit/receive the video and audio via Zoom and take the on-line examination in a private room where no one else is in the room.
- A test for connection will be set prior to the on-line oral examination.
- Applicants should prepare examination admission tickets and Passports to confirm their own identification on the web-camera.
- Details for the on-line examination will be announced by the return envelope with the examination admission tickets.

## VI. Inquiries and document sending to: Division Office in Environmental Materials Science
