

# **General Regulations of Enrollment for 2023/2024 Academic Year Jilin University Chinese Government Scholarship “High-level Graduate” Program**

Jilin University, founded in 1946, is a national key comprehensive university under the direct administration of Ministry of Education in China, and among the first batch of “Project 985” and “Project 211” key construction universities. In 2017, it was rated as one of the first group of A-level “Double First Class” universities. In 2022, six disciplines were listed in the second-round selection of “Double First Class” universities and disciplines.

Jilin University offers a wide range of disciplines, covering 13 academic categories: philosophy, economics, law, education, literature, history, science, engineering, agriculture, medical science, management, art and interdisciplinary study. The university has a complete high-level talent training system with bachelor, master and doctoral programs, and more than 70,000 students on the campus. It has nurtured over 600,000 alumni worldwide and ranks tenth in the number of outstanding alumni in Chinese universities, and its quality of high-level talents is widely recognized by both international and domestic communities. With a focus on the goal of “Double First Class Initiative”, the university has continuously optimized its global cooperation network and established partnerships with 302 universities and research institutions in 40 countries and regions.

The Chinese Government Scholarship “High-level Graduate” Program aims

to select international students with excellent academic background, professional ability and development potential. Jilin University will give full play to the advantages and characteristics of its disciplines and strive to cultivate high-level international talents.

## **I. Enrollment Categories and Majors**

Full-time graduate students (master and doctoral students)

Please refer to Attachment 1 for details of the catalog of majors for master and doctoral programs taught in Chinese and English.

The length of basic academic study for master students is 2 or 3 years, and the corresponding maximum study period is 3 or 4 years.

The length of basic academic study for doctoral students is 3 years, and the maximum study period is 6 years.

## **II. Eligibility**

1. Applicants must be a citizen of a country other than the People's Republic of China, and be in good health both mentally and physically.

2. In terms of age, education, and language requirements, applicants must:

(1) be a bachelor's degree holder under the age of 35 when applying for master's programs;

(2) be a master's degree holder under the age of 40 when applying for doctoral programs;

(3) have acquired the Chinese proficiency of HSK Level 4 when applying for Chinese- taught master's or doctoral programs;

(4) meet the admission requirements of the applied universities in terms

of academic ability, language proficiency and other relevant criteria.

### **III. Scholarship Coverage**

Tuition fees, on-campus apartment accommodation, living expenses and comprehensive medical insurance are covered during the applicant's study in China.

### **IV. Application and Enrollment Review Process**

#### **Step 1: Applicants submit their applications online at Jilin University's International Student Service System**

Prior to December 5, 2022, applicants must submit all application documents (see Attachment 2 for details), including but not limited to a copy of passport photo page, notarized highest level diploma, academic transcripts, language qualification certificates, a study proposal, recommendation letters, *Foreigner Physical Examination Form*, non-criminal record report, research results, etc.

Applicants should register their account at the Jilin University's International Student Service System (<http://apply.jlu.edu.cn>), fill in personal information accurately and click "Submit" to finalize the online application.

Online application is adopted in this year's enrollment. Applicants should ensure that the documents submitted online are consistent with the original documents. Applicants with complete application materials will be given priority in the next stage of review.

#### **Step 2: The College of International Education of Jilin University carries out preliminary review**

Prior to December 8, 2022, the College of International Education will review the qualifications of the applicants according to enrollment requirements, focusing on academic background, language proficiency, identity and qualifications, health status, etc., and consult the teaching and training institutes for further review.

**Step 3: The teaching and training institutes of Jilin University conduct further review, remote interview or written test**

Prior to December 22, 2022, the teaching and training institutes will organize experts to review the applicants' academic performance, scientific research ability, language proficiency, academic background, comprehensive quality and development potential, and conduct remote interview or written test on the basis of applicants' merit, and give feedback on the results to the College of International Education.

**Step 4: Applicants submit their applications online at the Chinese Government Scholarship Information System**

Prior to January 6, 2023, the University will notify the applicants of the pre-admission result and provide pre-admission notification via email or International Student Service System, and applicants should submit their applications in the Chinese Government Scholarship Information System (<https://studyinchina.csc.edu.cn/#/login>).

**Step 5: The University recommends candidates to China Scholarship Council**

On March 1, 2023, the University submits the recommendation list to China

Scholarship Council.

### **Step 6: China Scholarship Council organizes review by experts**

China Scholarship Council will organize experts in relevant disciplines to make final review of the applicants' academic performance, comprehensive quality and development potential, and selects the best candidates.

The scholarship applicants who are not enrolled will be given priority if they are willing to apply for our self-financed programs.

### **Step 7: The College notifies students of the enrollment results**

The College of International Education of Jilin University notifies students of their enrollment results.

Attention:

1. Enrolled students must complete the registration procedures in strict accordance with the schedule specified by the University, and scholarship qualifications will not be retained if they do not register on time as required.

2. Those who do not obtain the corresponding graduation or completion certificate on time or fail the physical examination will be disqualified from scholarship.

3. More questions about application please visit  
<https://cie.jlu.edu.cn/info/1060/3133.htm>

### **V. Application Deadline**

December 5 , 2022

### **VI. Notes**

1. Students granted with Chinese Government Scholarship are disqualified

for receiving other scholarships (excluding all kinds of one-off awards) provided by Chinese governments at all levels and universities at the same time. Upon discovery of malpractice, the eligibility for Chinese Government Scholarship will be canceled, and the Chinese Government Scholarship already received must be returned. For those who deliberately conceal their financial support, in addition to disqualification of the scholarship, they will not be allowed to apply for Chinese Government Scholarship within three years.

2. Applicants who have already applied for other universities in the Chinese Government Scholarship Information System shall not apply for Jilin University at the same time.

3. Once enrolled, scholarship recipients are not allowed to change their major, study period or language of instruction.

4. Students granted with Chinese Government Scholarship must participate in the annual evaluation after they enter the University, and the evaluation result will be used to confirm whether the scholarship will be provided, suspended or canceled in the next academic year.

## **VII. Contact Information**

International Student Enrollment Office, College of International Education,

## Attachment 2

### Chinese Government Scholarship Application

1. A copy of passport photo page. If the validity of the applicant's current passport does not meet the requirement (i.e. the passport expires before September 2023), please apply for a new passport before submitting the application;
2. Notarized highest level diploma. Prospective diploma winners must submit official proof of student status by their current school and then submit their graduation certificates or degree certificates before June 30, 2023. Documents in languages other than Chinese or English must be attached with notarized Chinese or English translations;
3. Academic transcripts (from the undergraduate program onwards). Copies of academic records from first to last semester during the undergraduate, graduate (if any), and doctoral programs (if any) shall be provided. These transcripts shall be issued and sealed by the attending university's academic affairs office, graduate school, or student management department. They can be in Chinese or English, but must be attached with notarized English translations if they are in foreign languages other than English;
4. Language qualification certificates. Applicants for Chinese-taught programs must submit valid HSK Level 4 reports with a score of over 180 points within two years; Applicants who have obtained a degree from a Chinese university with Chinese as the teaching language shall provide corresponding diploma. Applicants for other language-taught programs shall provide relevant language proficiency certificates, like IELTS or TOFEL report;
5. A study proposal in China. A study plan written in Chinese or English shall contain more than 1,000 characters or words with a focus on professional background, academic ability, the applicant's strengths and characteristics, future professional research direction and study plan, etc., and can only be written in Chinese or English. The study plan proposal will be used as an important reference for the academic assessment by experts.
6. Recommendation letters. Two letters of recommendation (written only in Chinese or English) from professors or associate professors shall be submitted. These letters shall describe the applicant's objectives of learning in China, comprehensive abilities, and evaluation of future growth, as well as the cooperation between the supervisors or the exchange between universities both in China and abroad. The letters should contain the letter writers' signatures and their contact details;
7. A photocopy of the *Foreigner Physical Examination Form* completed in English (the original copy shall be kept by the applicant). The form is designed by the Chinese quarantine authority and can be obtained from the dispatching authority. The physical examinations must cover all the items listed in the form. Incomplete records or those without the signature of the attending physician, the official stamp of the hospital, or a sealed photograph of the applicants are invalid. Please select the appropriate time to take a physical examination as the result is valid for only 6 months.

8. Non-criminal record report. The applicant shall submit a valid certificate of Non-Criminal Record issued by the local public security authority, usually issued within 6 months prior to the submission date of the application.

9. Research results (if any). Abstract of the thesis in the previous study period and introduction of the supervisor, copies of the cover, table of contents and pages of the published thesis, supporting documents of academic and scientific research achievements, inventions and patents, etc. can be provided.

Reminder:

1. Uploaded supporting documents must be clear, authentic and valid. Applicants are recommended to use a professional device to scan the relevant documents. Applicants shall bear the consequences caused by unclear or unidentifiable uploaded materials.
2. Please note that you must bring all the original documents submit for application, which will be verified to confirm student's academic qualification when coming to register in person.
